## EDUCATION

**Queens College, City University of New York**  
*Bachelors in Computer Science*

**3.89/4.0 GPA**  
*Expected May 2027*

## EXPERIENCE

### Software Engineer Intern

**June 2024 – Aug. 2024**

*Dotdash Meredith, Entertainment Team*

*Manhattan, NY*

- Developed high-impact features for People, a site with **12M+** daily views, using XML, SCSS, & JavaScript.
- Integrated a dynamic mini journey carousel for People, expected to reduce development time by about **60%** across other DDM brands while maintaining **100%** ad & script integrity.
- Built reusable components for the People 2024 Olympics, cutting future event development time by **40%** & reducing code duplication by **15%**.
- Contributed to an AI integration demo approved by top executives, projected to increase revenue by **12%** & user retention by **32%**.
- Utilized Git, Jira, & Bitbucket to achieve a **98%** on-time task completion rate & a **35%** reduction in code review time.
- Collaborated in an agile team to deliver quality code in a fast-paced environment through continuous improvement practices.

### Software Engineer Intern

**June 2023 – Aug. 2023**

*Globalizing Gender*

*Manhattan, NY*

- Developed a web app for Globalizing Gender, a startup aiding survivors of gender-based violence, using HTML, CSS, Tailwind, & JavaScript.
- Conducted QA testing to ensure functionality, performance, & UX.
- Collaborated with a UX/UI designer on Figma for seamless implementation.
- Managed Git version control with branching, merging, & optimized workflows using Bash scripting.
- Contributed to sprint planning & daily stand-ups, ensuring timely project delivery.

## PROJECTS

### PokeDex

*HTML, CSS, Bootstrap, JavaScript, PokeAPI*

- Designed & developed a responsive Pokedex website with an interactive platform for exploring Pokémon, featuring music, sound effects, & a user-friendly UI with search options by name & ID.

### MindWellnessHub

*HTML, CSS, Bootstrap, JavaScript*

- Developed a responsive website to promote mental health awareness, featuring an engaging quiz to foster understanding, & a petition form to encourage advocacy & community involvement.

## AWARDS & HONORS

### IAC Fellow

**June 2024 – Aug. 2024**

- Immersive leadership program designed to develop & empower future leaders, innovators, & disruptors in digital media & technology through competitive internships, mentorship, along with educational & economic opportunities.
- Developed & presented a funding proposal to IAC Foundation Board members resulting in a \$15k grant to a NYC-based nonprofit.

### Provost Scholar

**August 2023 – Current**

## TECHNICAL SKILLS

**Languages:** HTML, XML, CSS, SCSS, JavaScript, Python, C++, Java

**Frameworks:** Bootstrap, Tailwind, React, Redux, p5.js

**Developer Tools:** Git, Github, Bash, Linux, Chrome Devtools, VS Code, Jira, Squadron, Bitbucket, Figma
